

Supplement No.3
to SB515 (Eighth Edition)

January, 1969

LIGHTING REGULATIONS FOR MECHANICALLY
PROPELLED VEHICLES

(Headlamp Regulations)

Headlamp Mounting Positions

It should be noted that the headlamp mounting heights,
given in Supplement No.1 (Section 6 (a)) namely -

Maximum Height 3 feet 6 inches

Minimum Height 2 feet

do not apply to vehicles registered before 1st January,
1952. Reference: Road Vehicles Lighting Regulations 1964,
schedule 8, paragraph 2 (a).

The remainder of the headlamp requirements, however, will
apply.
