SERVICE INFORMATION

LAND-ROVER

Vol. 2 Issue 4

July 1974

ITEM 7

Division : 26

Subject : Thermostat

Models : Land-Rover 88 and 109 2¼ litre petrol

Part Number : 596225

Commencing numbers :

Engine serial numbers :

	8:1 C.R. Production engines	from	90162624.B
	8:1 C.R. Service engines	from	S90100463 B
All 2¼ litre petrol models	7:1 C.R. Production engines	from	90419529 B
	7:1 C.R. Service engines	from	S90402350 B

Remarks :

To improve the heater performance and fuel economy of the 2¼ litre Land-Rover petrol engine an 82° thermostat has been introduced from the engines numbered above.

NOTE .

The new thermostat is interchangeable with the previous type and may be fitted to earlier engines.
