

Land-Rover Service Newsletter Vol. 3 No. 12A

April 1970

The Rover Company Limited Service Department: Solihull, Warwickshire, England

By Appointment to
Her Majesty
Queen Elizabeth II

Manufacturers
of Motor Cars and
Land-Rovers

- Item 1** **SUBJECT:** **FRONT WINCH, HYDRAULIC AND CAPSTAN**
- MODELS:** All Land-Rover.
- REMARKS:** Rover Company policy for the supply and servicing of all hydraulic and capstan winches for both the UK and Export markets is being revised whereby all aspects of winch marketing and servicing will be transferred from the Rover Company to an officially approved installation organisation and officially approved winch suppliers.
- All outstanding orders received by The Rover Company Ltd prior to the change-over dates, for winch installation, winch kits and replacement parts, will be the responsibility of the Company who undertake to complete them as quickly as possible.
- Full details and effective dates for the change-over are shown below:
- 1. Installation of winches**
- Effective date. From 1st May 1970.
- From the date shown the installation of winches will no longer be carried out by the Rover Company either as a Production or Service fitment, except the hydraulic winch used on the Land-Rover Forward Control models which will for the time being still be fitted by Rover Production as required under:
- E1342A Winch complete, RHStg models.
- E1342B Winch complete, LHStg models.
- E1246 Front pull equipment for winch.
- The Rover officially approved winch installation organisation is:
- Spencer, Abbott and Company Ltd,
 Tyburn Road,
 Birmingham 24.
 Telephone: 021-327 2711-6.
- To obtain the services of Messrs Spencer, Abbott proceed as outlined below:
- (a) UK Market:
- Deal direct with installer for a quotation giving following details.
- (i) Type of winch required.
- (ii) Model of Land-Rover to which the winch is to be fitted and when the vehicle will be made available.
- (iii) State if the winch will be supplied to them on a free of charge basis or if you wish Messrs Spencer, Abbott to obtain it on your behalf.

(b) Export Market

Write to the Rover Company Limited Export Sales Department for a quotation giving the following details:

(i) Type of winch required.

(ii) Model of Land-Rover to which the winch is to be fitted.

On receipt of an official order for vehicle and winch the Rover Company will make all necessary arrangements.

2. Supply of winches and parts

Effective date. From 1st August 1970.

(a) All marketing and servicing of winches, previously supplied and serviced by the Rover Company, for both UK and Export markets, will be undertaken by:

Hydraulic winches

Hill and Company Ltd,
Brampton Trading Estate,
Hamden Park,
Eastbourne.
Telephone: 0323 53717.

Replacement parts for the Forward Control winch will be supplied by Messrs. Hill and Company Ltd.

Capstan winches

Aeroparts Engineering Co. Ltd,
Commercial Road,
Hereford.
Telephone: Hereford 3068.

IMPORTANT

It should be noted that the term 'servicing' covers for both UK and Export:

- (a) Supply of replacement parts.
- (b) Installation instructions.
- (c) Operator information.
- (d) Workshop overhaul procedure.
- (e) Parts Catalogue information.

All of which will be provided by the suppliers of the winch concerned from the effective date.
